TOTAL SPONSORSHIP				R

South Africa National Department of Health Regulations relating to foodstuff for infants and young children (R991 of 6 December 2012) states that **Manufacturers of any designated products** (a) infant formula; (b) follow-up formula; (c) infant or follow-up formula for special dietary or medical purposes; (d) feeding bottles, teats and feeding cups with spouts, straws or teats, **should adhere to the following regulations:**

- No advertisements (e.g. advertisement in written publications, displays, exhibition of designated products,) and promotional practice (e.g. incentives, gifts in cash or in kind, free samples, competitions with prizes) of any of the designated products is permitted
- Material directed to health care personnel should be restricted to current scientific and factual matters, bear no health, medicinal or nutrition claims and should exclude any promotion of the designated product in any manner
- No manufacturer or distributor of designated products shall (a) provide research grants or any financial assistance relating to infant or young child nutrition to health care personnel working in a health establishment or health care personnel linked to a health establishment (b) make any financial contribution or sponsorship to health care personnel working in infant and young child nutrition
- No provision of gifts to health care personnel whether in cash or in kind which includes meals and refreshments
